

Growing Our Business, Looking for Partners

Escale Advisors is humbled and thrilled by the number of our Catholic Pastors and School Leaders partnering with us to help them become "True Teams" of Healthy and Smart organizations. Thank you to our SJBG brothers and sisters who have worked with us in the past and who are currently working with us!

This increased workload has us looking to expand our own team. We have immediate need for teammates to help us with:

- Integrated Web & Social Media presence
- eNewsletter & other Outbound Communication
- Learning Community launch and development
- Client/Project Management support
- General Administrative Support for the Lead Coach

If you know of a Virtual Assistant or others who may have interest in helping our Parishes and Schools bring more people into Our Faith, to deepen people in Our Faith, and to bring our Catholic School students to their highest level of student achievement in a Catholic Worldview, please have them reach out to me. We'd love to talk to them about joining our team.

Peace!

Casey Breen - Lead Coach & Founder of Escale Advisors
