Dear Hiring Manager,

I have been looking for different opportunities for an accounting internship or exposure experience for next summer. I am a disciplined, motivated student, and I am very eager to gain experience in the accounting or finance field.

Currently, I am a sophomore at Benedictine College in Atchison, KS, majoring in Accounting and Finance; I am set to graduate in May 2025. At the start of the summer, I will have completed up through Interm Fin Acct 2, Fed Income Tax Accounting, and Cost Accounting. Also, I run my own resale eBay business, giving me the skills and baseline knowledge of what it takes to run a business.

I am a disciplined worker, devoting my time to my tasks until they are sufficiently completed. I am a man of integrity and I ensure that my work is correct and without error to the best of my ability. I work well with others and take care to keep others accountable when working on a team. Fostering relationships with those I work with is an important concept I take seriously.

I am looking to acquire real world experience in the accounting field. Because of my constant desire to learn and improve, I will be a valuable asset at your company. Although I don't have experience in accounting outside of the classes I have taken, I will ask questions stemming from an intense desire to learn and improve so that I can produce high-quality work I am proud of. Please refer to my resume for a view of what I have accomplished and what I value.

I would love to get in contact with you to discuss what your company has to offer. I can be reached at (913) 274-5044 or joer3292@ravens.benedictine.edu. Thank you for your time and consideration.

My best,

Benjamin Joerger
